**Asunto:** RE: Exchange Information Request - UAEM 2012B  
**Datos adjuntos:** OSU Exchange Application Packet.zip; OSU Information Sheet for Partners 12-13.docx

Greetings from OSU!  
I hope that all is well at UAEM.

OSU will only be able to accept one student for the upcoming academic year 2012-2013.  
Attached is our application packet as well as OSU's information sheet. The info sheet is also attached separately for your convenience.  
Please note that we have to receive the original hard copies of application documents by April 30<sup>th</sup> for fall 2012 semester.

Unfortunately since our exchange numbers are out of balance, and we were not able to recruit any OSU students for UAEM, we will not be able to accept any students from you starting academic year 2013-2014 and on until our balance improves.

Thank you for your understanding.

Kind regards,  
Kat

**Subject:** Exchange Information Request - UAEM 2012B  
**Importance:** High

Dear Kat,

I hope you're doing well and get ready for the weekend.

The reason for this mail, in addition to sending a greeting is to ask you about the following:

- How many graduate students and which field studies, or study programs, can we apply for the period August to December 2012?
- Is it necessary to fill in some application for your University?, If so, Could you send me the link for the form?
- What is the deadline for receiving documents from our students?
- Could you specify the postal address of your university to send the documents of our students, if it apply?

I'll appreciate if you reply back with all the requested info.

Please do not hesitate if you have any question.

Best Regards,

---
