Good afternoon, Mr. Dominguez,

I hope you too are well. Unfortunately, due to the current exchange imbalance between our universities (specifically, we are out of balance by 6). As such, I am unable to accept any students from UAEM. If you still require the other information, given the current situation, please let me know.

Should you have any questions, please do not hesitate to contact me or Ms. Valerie Borgfield (Valerie.Borgfield@unt.edu). I will be more than happy to assist you.

Christopher,
I hope you are doing well.

I'm sending you this mail, 'cause we would like to ask about the following:

- How many students and which field studies, or study programs, can we apply for Winter (August – December) 2013?
- Is it necessary to fill in any application for your University?, If so, Could you send me that form or link?
- What is the deadline for receiving documents from our students?
- All documents can be sent by email?

I'll appreciate if you reply back with all the requested info.
Please do not hesitate if you have any question.

Kind regards.
